

Saskatchewan Winter Games

The Saskatchewan Winter Games are coming Feb 2018, Hosted in North Battleford.

The Saskatchewan Target Shooting Association is looking for interested athletes born from 2000-2006 to participate at the games and represent their Provincial zone.

We encourage all athletes interested in Air Rifle and Air Pistol target shooting to have their parents contact us on how we can get their youth started in the challenging sport of target shooting.

Our province has developed successful male and female target shooting athletes that have gone to Olympic Games, Commonwealth Games, Pan am Games, Youth Olympic Games, Canada Winter Games, World Cups and most of them have started out participating in the Saskatchewan Winter Games.

Sask Sport has recognized the need for more diverse sports that allow participation by athletes that may not be interested or suited to traditional team style sports such as hockey and soccer.

The Saskatchewan Target Shooting Association can help provide the resources and knowledge to get an airgun club started in your area.

Target shooting is one of the safest, personally challenging sports out there and can be enjoyed by people of all ages.

If you are interested in The Saskatchewan Target Shooting Association visiting your location and putting on a complimentary "Learn to Shoot" clinic.
