7.0 COMPETITION:

7.1 Type of Competition: All Points format - The following is based on full teams from at least 8 districts = 32 males, 32 females.

Relay Format:

The relay teams will consist of 4 skaters (same gender) per District, competing over 2000m. There will be two exceptions:

- 1) An injury to one of the 4 skaters, leaving 3 to skate
- 2) The District team consists of only 3 skaters

In both exceptions, the District coach must receive approval from the Chief Referee and Meet Coordinator and in the case of an injury; the Chief Referee will consult the medical staff present.

Relay teams will be seeded into heats on the basis of total time for 4 skaters from their 400m seed times or if there is a District team consisting of only 3 skaters – seeding will be based on the total time for the top 3 skaters per District.. If there is only one team entered in the B final for the relay, the final will not be held, and the team will be awarded the next position and points following the teams that have qualified for the A final.

Seeding: Seeding for the first distance will be a skater's 400m personal best time skated in the 2017-2018 season. Following the completion of each distance, skaters will

be re-seeded, based on the points accumulated in an overall ranking, for the next distance. If there is a tie on points, the tied athletes ranking (**for seeding purposes only**) will be determined by their 400m seed times.

Heats - 5 skaters/heat

A	B	C	D	E	F	G
